

Apex Global Retail – Customer Operations & Support Policy

Document Reference: POL-2026-OPS

Effective Date: January 1, 2026

Version: 2.4

1. Order Modification & Cancellation Policy

1.1 The 60-Minute Grace Window

- Customers may modify or cancel any order completely free of charge within **60 minutes** of the initial purchase timestamp.
- Modifications allowed within this window include:
 - Changing the shipping address.
 - Updating the recipient's phone number or email.
 - Adjusting item quantities or swapping sizes/variants (subject to inventory availability).
- **System Constraint:** Once the 60-minute window expires, the order is automatically pushed to our fulfillment centers, locking the database record. No internal agent or tool can halt or modify the order past this point.

1.2 Post-Lockdown Protocol

- If a customer requests a cancellation after the 60-minute lock window, agents must instruct the customer to wait for the package to arrive and subsequently initiate a standard return.
- Refusing delivery at the doorstep to force a cancellation will incur a **\$15 restocking fee**, which will be deducted from the customer's final refund.

2. Shipping, Delivery & Tracking

2.1 Processing and Transit Timelines

- **Standard Shipping:** Orders are processed within **1 to 2 business days**. Delivery takes **3 to 5 business days** post-shipment.
- **Express Shipping:** Orders placed before **12:00 PM (Noon) EST** are processed same-day. Delivery takes **1 to 2 business days**.

- We do not ship packages on weekends (Saturday and Sunday) or official public holidays.

2.2 Lost or Delayed Packages

- A package is officially categorized as "Lost in Transit" only if tracking data shows zero movement for **7 consecutive business days**.
- Once the 7-day threshold is breached, the support agent is authorized to trigger a replacement shipment or issue a full store credit refund, per the customer's preference.

3. Returns, Refunds & Exchanges

3.1 Eligibility Requirements

- Items can be returned or exchanged within **30 days** from the verified delivery date.
- To qualify for a full refund, items must be:
 - Unused, unwashed, and undamaged.
 - In their original product packaging with all tags explicitly attached.

3.2 Non-Returnable Exceptions

- The following categories are strictly non-returnable and final sale:
 - Clearance or "Final Sale" markdown items.
 - Custom-made or personalized merchandise.
 - Perishable goods or intimate apparel.

3.3 Refund Processing Windows

- Once a return package is checked into our internal warehouse, inspection takes **2 to 3 business days**.
- Approved refunds are processed back to the original payment method.
- Depending on the customer's financial institution, funds typically reflect within **5 to 7 business days**. Under no circumstances can a refund be sent to an alternative credit card or bank account.

4. Customer Data, Profiles & Privacy

4.1 Profile Information Mutations

- Customers can update their basic profile data (email address, primary phone number, and account passwords) at any time.
- **Security Guardrail:** Changing an account email address automatically triggers a **24-hour temporary hold** on high-tier operational actions, such as changing store credit balances or requesting cash refunds to original payment methods, to mitigate account-takeover fraud.

4.2 Account Deletion

- Account deletion requests must be handled via a secure verification link sent to the primary email on file.
- Once confirmed, personal data is permanently wiped from active consumer marketing directories within **48 hours**, in compliance with local privacy frameworks.

5. Summary Cheat Sheet for Support Agents

Customer Scenario	Allowable Action	Policy Constraint
Wants to change address	Execute update_order tool	Only valid if order is < 60 minutes old.
Item arrived broken	Route to replacement tool	Requires photo proof within 48 hours of delivery.
Wants refund to a new card	Refuse alternative card	Refund <i>must</i> go to original payment method.
Package has not moved for 3 days	Provide reassurance	Cannot declare lost until 7 business days of stagnation.
